## PRODUCT DESCRIPTION

PROTEIN DRINK contains 27 g high-quality milk protein and only 8 g carbohydrates from natural ingredients. The new functional drink is a co-branding of the two traditional brands SPONSER and EMMI and their combination stands for highest functionality, taste and Swiss quality.

PROTEIN DRINK is gently produced from Swiss milk and naturally consists of the two protein fractions whey and casein, which are digested and absorbed at different rates. The drink is therefore not only suitable as a regeneration and build-up product for athletes, but also as a snack on the go. Protein supports the building and maintenance of muscle mass.

## ADVANTAGES

- High-quality milk protein from Swiss milk
