PRODUCT DESCRIPTION

The proteins support growth in the muscle mass and its maintenance. SPONSER® WHEY ISOLATE 94 is a whey protein isolate with an extremely high protein content of 94% in dry substance. The manufacturing through cross flow microfiltration (micro and afterwards ultra filtration, no ion exchange) guarantees the best possible conservation and concentration of valuable protein fractions in their tertiary and quaternary structure, which gets otherwise lost during the ion exchange. At the same time, this technology allows the lowest fat content and no lactose for the highest biological value (170 according to Oser).

ADVANTAGES

- **Lactose free, gluten free**
- **Best possible protein quality through cross-flow microfiltration**
- **High content in essential amino acids, especially in BCAA (250 mg/g pure protein)**
- **Neutral version ideal for protein enrichment of other nutrients or beverages.**
- **Good solubility**
- **Water-soluble**

UTILISATION

To be taken up to 30 min before or right after training.

2 scoops (approx. 20 g) + approx. 200 ml of milk.
