

Indivani – Assembly instruction

Leg requirement rules

- **Required leg position**
Always assemble leg in this position.
- ⊗ **Leg required for special combinations**
Assembly of leg in this position is possible and required when connecting two 1-1,5-2-2,5-3-seater modules together. (Only one of the two modules are required to have legs assembled where these two modules meet.)

Leg range

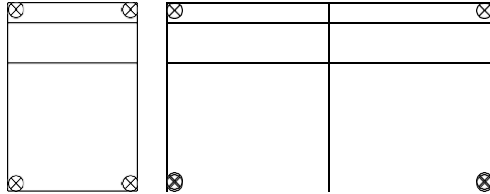

Limitations
1) Leg 5 is only available on armrests, chl- and divan-modules. For all other modules in the combination, use leg 6.

Legs placement

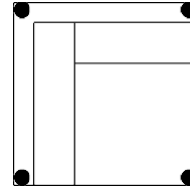

Armrests
