TP575 Ground Stake Kit

INSTRUCTIONS FOR ASSEMBLY MAINTENANCE AND USE.

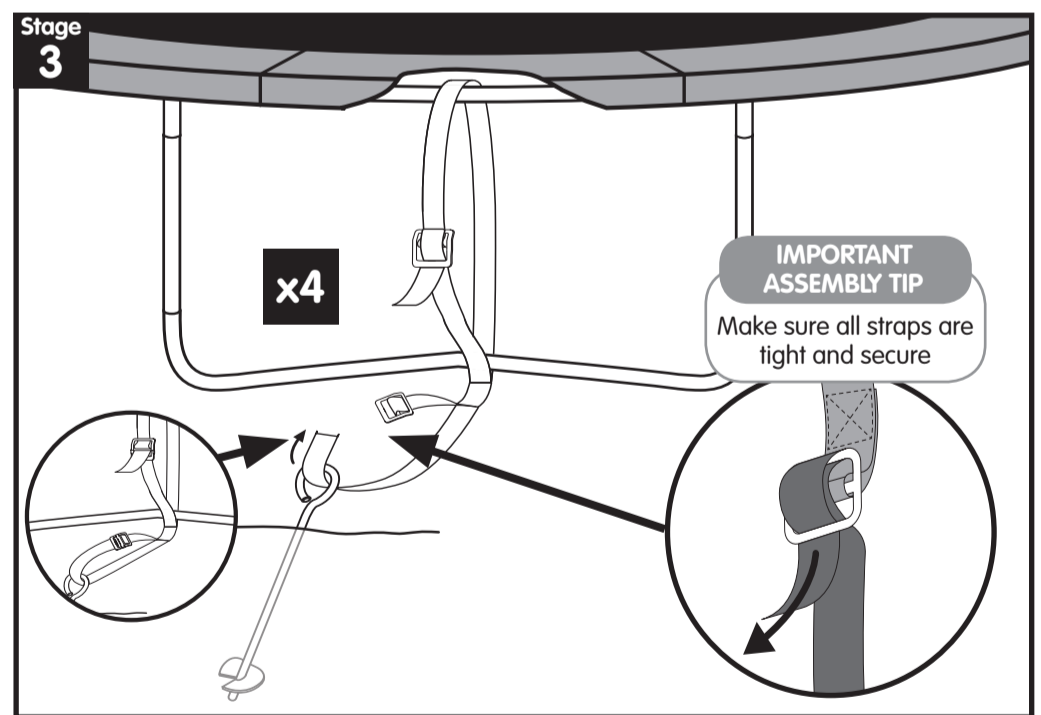

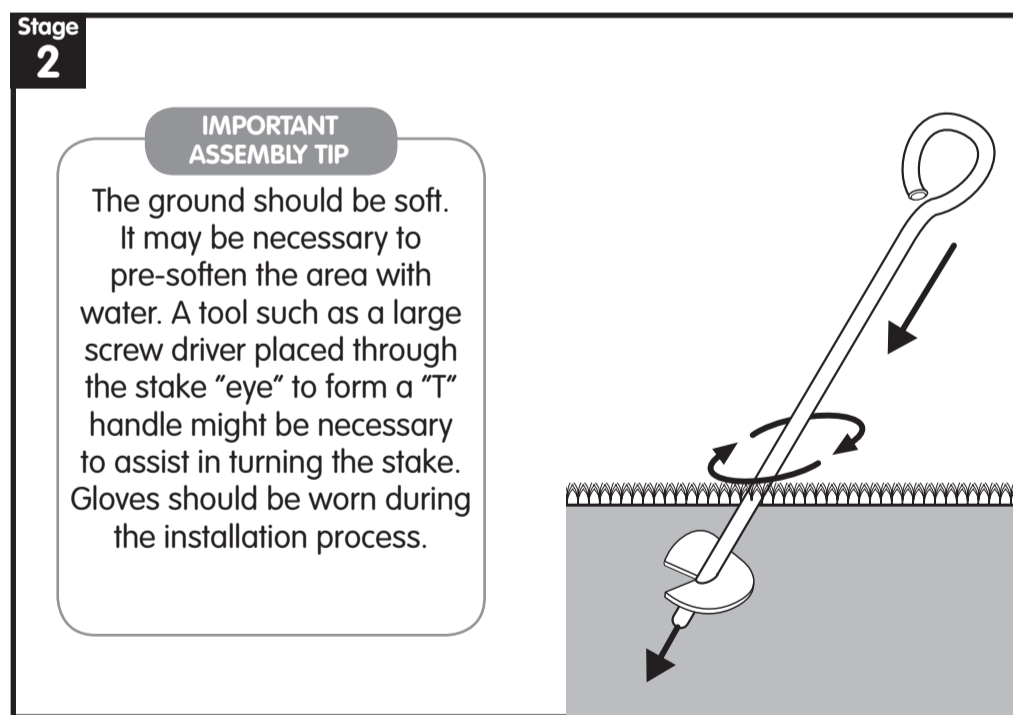

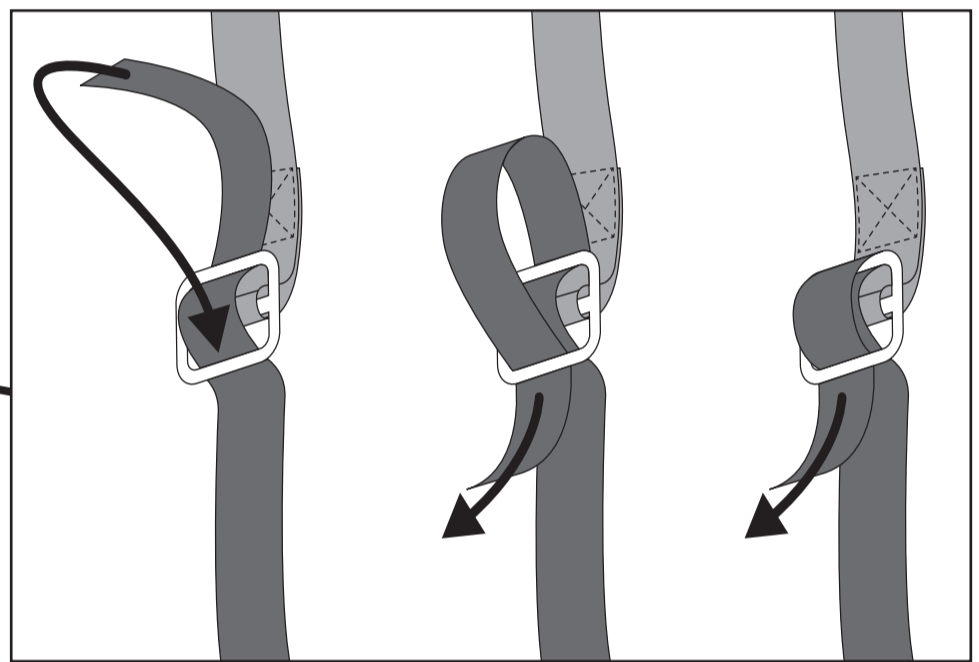

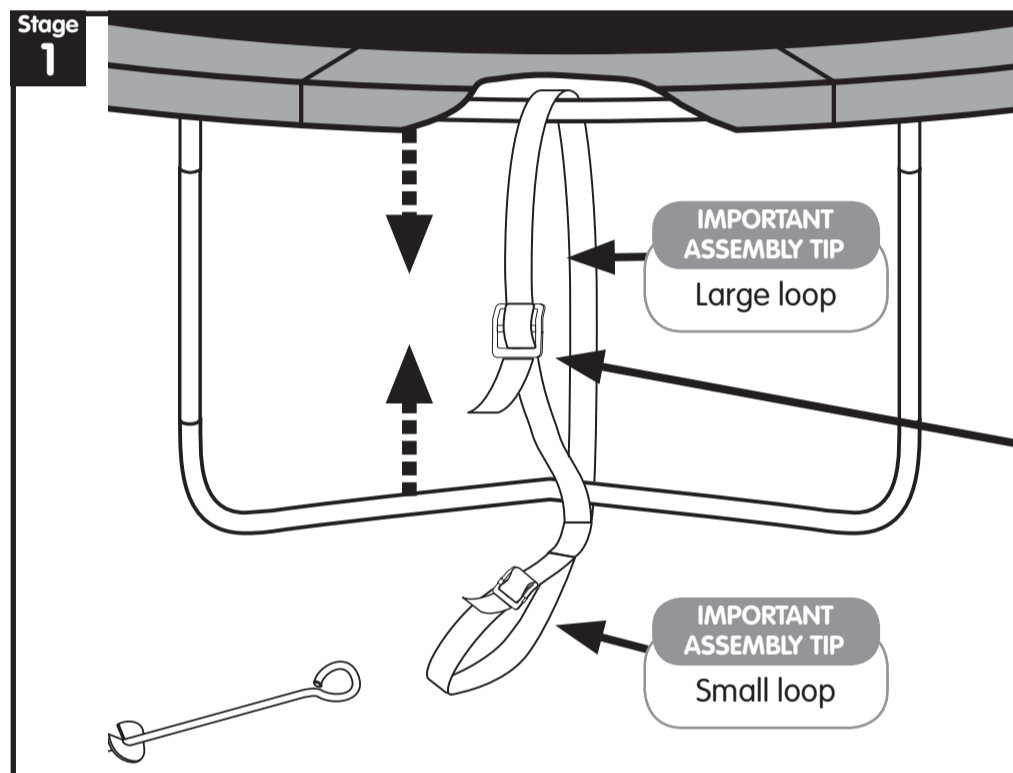

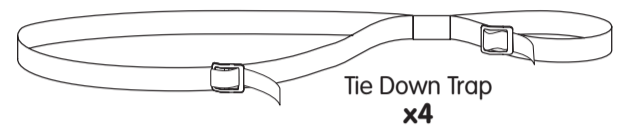

PLEASE RETAIN FOR FUTURE REFERENCE.

This Ground Stake Kit is designed to be used on any round trampoline. It has two basic purposes. For certain types of trampolines it will enable the owner to move the trampoline without the vertical leg pieces separating from the frame. It is also an anchor down system for all trampolines that are sited in locations exposed to high winds. Differing soil and weather conditions could influence the effectiveness of any installation using this kit. TP does not state, grant, or imply any guarantees as to performance or appropriateness of this tp anchor down kit, or any of its components, in any application whatsoever.

Make sure that there are no underground utilities (i.e. Electrical, gas, telephone, water or sprinkler) before installing the auger stakes. The installation of this kit should be performed by an adult.
