DE Die Montage der Elektroanschlüsse ist grundsätzlich nur von autorisiertem Fachpersonal vorzunehmen. Vor der Verkabelung motorischer Komponenten ist sicherzustellen, dass die Leitungen spannungsfrei sind. Während der Verkabelung ist sicherzustellen, dass die Leitungen spannungsfrei bleiben (z. B. Wiedereinschalten verhindern). Der Hersteller übernimmt keine Haftung für Schäden, die durch unsachgemäßen Einsatz oder unsachgemäße Montage entstehen.

Schutz vor Verschmutzung während der Montage

Bei der Fertigung Ihres Bettes wurde mit Sorgfalt jede Verschmutzung der Teile vermieden. Wir empfehlen Ihnen beim Aufbau Handschuhe zu tragen. So kann die Verschmutzung der wertvollen Bezugstoffe verhindert werden. Viel Vergnügen mit Ihrem neuen Bett!

EN Assembly of the electrical connections is only to be undertaken by an authorised professional. Before wiring ensure that the power lines are disconnected. During wiring, ensure that the power lines remain disconnected (e.g. cannot be reconnected). The manufacturer accepts no responsibility for any damage caused by inappropriate use or installation.

Protect against dirt while assembling

Every care was taken during the manufacture of your bed to prevent the parts from getting dirty. Please wear gloves while assembling the bed, or ensure that any specialist fitters do the same. This will prevent soiling of the valuable cover fabrics. We hope you enjoy your new bed!

FR Le montage des raccords électriques doit être effectué exclusivement par du personnel technique habilité. Avant le câblage, il convient de s'assurer que les câbles sont hors tension. Pendant le câblage, il convient de s'assurer que les câbles restent hors tension (par ex., éviter toute remise sous tension). Le fabricant décline toute responsabilité pour les éventuels dommages découlant d'une mise en œuvre ou d'un montage incorrects.

Protection contre la saleté pendant le montage

Lors de la fabrication de votre lit tapissé, toutes les pièces ont soigneusement été protégées de la saleté. Veuillez porter des gants pendant le montage ou demandez au personnel technique en charge de le faire de les porter. Vous éviterez ainsi de salir les précieuses housses textiles. Nous vous souhaitons beaucoup de Plaisir avec votre nouveau lit tapissé !

NL De elektrische aansluitingen mogen uitsluitend door hiervoor bevoegd vakpersoneel worden uitgevoerd. Voordat kabels worden aangesloten, controleren dat deze spanningsvrij zijn. Gedurende het aansluiten van kabels ervoor zorgen dat deze spanningsvrij blijven (bijv. opnieuw inschakelen voorkomen). De producent kan niet aansprakelijk worden gesteld voor schade die door onjuist gebruik of een onjuiste montage ontstaat.

Bescherming tegen vervuiling tijdens de montage

Bij de productie van uw gestoffeerd bed werd met uiterste zorgvuldigheid vermeden dat onderdelen vervuild raakten. Draagt u handschoenen a.u.b. bij het opbouwen of zorg ervoor dat het hiermee belaste vakpersoneel de handschoenen draagt tijdens het opbouwen. Op die manier kan vervuiling van de hoogwaardige bekleding worden voorkomen. Wij wensen u veel plezier met uw nieuwe gestoffeerd bed!

DE Vor dem Anschluss des elektrischen Antriebes an das häusliche Stromnetz, vergleichen Sie bitte die Spannung des Stromnetzes mit der auf dem Typenschild des Netzteiles angegebenen Eingangsspannung. Netzspannung und zulässige Eingangsspannung müssen identisch sein. Wenn nicht, darf der Antrieb nicht angeschlossen werden. Bitte den Femira-Service ansprechen.

EN Before connecting the electric power to the domestic circuit, please compare the voltage of the mains network with the incoming voltage on the label of the mains unit. The supply voltage and permitted incoming voltage must be the same. If they are not, then the drive is not to be connected. Please contact the Femira service department.

FR Avant le raccordement de l'entraînement électrique au secteur, comparez la tension du secteur à la tension d'entrée indiquée sur la plaque signalétique du bloc d'alimentation. La tension du secteur et la tension d'entrée admissible doivent être identiques. Si tel n'est pas le cas, l'entraînement ne doit pas être mis sous tension. Veuillez alors contacter Femira.

NL Voordat de elektrische aandrijving op het elektriciteitsnet thuis wordt aangesloten, dient u de spanning van het elektriciteitsnet te vergelijken met de op het typeplaatje van de adapter aangegeven ingangsspanning. De netspanning en de toegestane ingangsspanning moeten identiek zijn. Is dat niet het geval, dan mag de aandrijving niet worden aangesloten. Neem a.u.b. contact op met de Femira-serviceafdeling.

DE Recycling / Entsorgung

Die Recycling- oder Entsorgungsmöglichkeiten von motorischen Federholzrahmen und BOXSPRING Betten sind länderspezifisch geregelt. Bitte informieren Sie sich bei Ihrer zuständigen Behörde oder fragen Sie Ihren Fachhändler.

Die Femira Kabel-/Funksteuerung für Octo Actuators enthält Elektronikbauteile, Kabel, Metalle, Kunststoffe. Die Teile der Steuerung sind gemäß den geltenden Umweltvorschriften des jeweiligen Landes zu entsorgen.

Die Entsorgung der Kabel-/Funksteuerung unterliegt in Deutschland dem Elektro-G, international der EU-Richtlinie 2002/95/EG (RoHS ab dem 01.07.2006) und Richtlinie 2011/65/EU (RoHS ab 03.01.2013) oder den jeweiligen nationalen Gesetzgebungen. (Die Steuerung unterliegt/nicht der EU-Richtlinie 2002/96/EG (WEEE) und deren Ergänzung EU-Richtlinie 2003/108/EG.)

Die Teile der Kabel-/Funksteuerung dürfen nicht in den Hausmüll gelangen! Die Entsorgung der Blockbatterien unterliegt in der EU der Batterierichtlinie 2006/66/EG, in Deutschland dem Batteriegesetz (BattG) vom 25.06.2009, international den jeweiligen nationalen Gesetzgebungen.

Die Blockbatterien (9V, 6LR61) und die Batterien TYPE AAA, 1,5V, LR03 Alkaline dürfen nicht in den Hausmüll gelangen!

EN Recycling / disposal

The recycling and disposal options for motorised sprung wood frames and BOX SPRING beds vary from country to country. Please contact your local authority or speak to your specialist retailer.

The Femira cable / remote control for Octo Actuators contains electronic components, cables, metals, plastics etc. The various components in the control are to be disposed of in accordance with your country's applicable environmental regulations. In Germany, the disposal of the cable / remote control is subject to Elektro-G, and internationally to EU Guideline 2002/95/EG (RoHS of 01.07.2006) and Guideline 2011/65/EU (RoHS of 03.01.2013) or the respective national legislation. (The control is not subject to EU Guideline 2002/96/EG (WEEE) and its amendment EU Guideline 2003/108/EG.)

The components of the cable / remote control unit are not to be put in with domestic waste! Disposal of the block batteries in the EU is subject to Battery Guideline 2006/66/EG, in Germany to the Battery Act (BattG) of 25.06.2009, and internationally to each country's national legislation.

The block batteries (9V, 6LR61) and batteries type AAA, 1.5V, LR03 alkaline, are not to be put in the domestic waste!

FR Recyclage / Mise au rebut

Les possibilités de recyclage ou de mise au rebut des sommiers à lattes motorisés et des lits BOXSPRING varient selon les pays. Veuillez vous informer auprès des autorités compétentes ou de votre revendeur.

La commande par câble / la radio-commande Femira pour entraînements Octo Actuators contient des composants électroniques, des câbles, des métaux, des matières synthétiques, etc. Les composants de la commande doivent être mis au rebut conformément aux dispositions environnementales en vigueur dans le pays concerné.

La mise au rebut de la commande par câble / de la radio-commande est soumise en Allemagne à la disposition ElektroG, dans le reste du monde à la directive de l'UE 2002/95/CE (RoHS à compter du 01/07/2006) et à la directive 2011/65/UE (RoHS à compter du 03/01/2013) ou aux dites «lois nationales en vigueur (La commande n'est pas soumise à la directive de l'UE 2002/96/CE (DEEE), ni à son complément la directive UE 2003/108/CE.)

Les composants de la commande par câble / de la radio-commande ne doivent pas être jetés avec les déchets ménagers! La mise au rebut des piles est soumise au sein de l'UE à la directive sur les piles 2006/66/CE, en Allemagne à la loi sur les piles (BattG) du 25/06/2009 et dans le reste du monde aux législations nationales en vigueur.

Les piles TYPE AAA, 1,5V, LR03 alcalines ne doivent pas être mises au rebut avec les déchets ménagers!

NL Recycling / afvalverwijdering

De mogelijkheden voor recycling of afvalverwijdering bij elektrisch werkende lattenbodems en BOXSPRING-bedden zijn per land anders geregeld. Informeer hiernaar bij uw gemeente of vraag uw vakhandelaar om advies.

De Femira afstands-/kabelbediening voor Octo Actuators aandrijvingen bevat elektrische componenten, kabels, metaal, kunststof enz. De onderdelen van de bediening moeten conform de in het land geldende milieurechtlijnen worden verwijderd.

Op de afvalverwijdering van de afstands-/kabelbediening is in Duitsland richtlijn Elektro-G en internationaal de EU-richtlijn 2002/95/EG (RoHS vanaf 1-7-2006) en richtlijn 2011/65/EU (RoHS vanaf 3-1-2013) of de betreffende HGHQDWLRQDOH wetgeving van toepassing. (De bediening valt niet onder EU-richtlijn 2002/96/EG (WEEE) en de aanvulling hierop EU-richtlijn 2003/108/EG.)

De componenten van de afstands-/kabelbediening horen niet bij het huisvuil! Voor het verwijderen van blokbatterijen geldt in de EU batterijrichtlijn 2006/66/EG, in Duitsland de batterijwet (BattG) d.d. 25-6-2009 en internationaal de overeenkomstige nationale wetge.

De blokbatterijen (9V, 6LR61) en de batterijen type AAA, 1,5V, LR03 alkaline mogen niet bij het huisvuil terechtkomen!
