Sicherheitshinweise

Nur im kompletten Aufbau als Wickelkommode zu verwenden!

- Bitte überzeugen Sie sich regelmäßig vom festen Sitz aller Schrauben. Schrauben dürfen nicht lose sein, weil sich ein Kind Körperteile quetschen kann oder Kleidung (z.B. Schnüre, Halsketten, Bänder, Puppen usw.) sich verfangen kann. Es könnte die Gefahr der Erdrückung bestehen.
- Bitte stellen Sie die Wickelkommode so auf, dass das Wickelbrett direkt an die Wand anstößt. Durch eine feste Verbindung von Wickelbrett und Wand kann jegliches Kippen verhindert werden. Verwenden Sie für an die Wand anzubringende Wickeleinrichtungen nur angemessene Schrauben und Dübel. Prüfen Sie die Wand, ob der Dübel dafür geeignet ist.
- Denken Sie an das Risiko von offenem Feuer und anderen starken Hitzequellen, wie elektrische Heizstrahler, gasbeheizte Öfen usw. in der unmittelbaren Umgebung der Wickeleinrichtung.
- Die Wickelkommode ist nicht zu benutzen, wenn irgendein Teil defekt ist, abgerissen ist oder fehlt. Kunststoffbeutel und etwaige Kunststoffelemente/Verpackungen sind sofort zu entfernen oder für Kinder unzugänglich aufzubewahren!
- Heben Sie die Aufbauanleitung und den Inbusschlüssel für eine spätere Demontage bzw. Montage gut auf. Bitte benutzen Sie für die Montage den beiliegenden Inbusschlüssel und einen Schraubenzieher. Um Beschädigungen am Produkt zu vermeiden, darf zum Anschrauben der Beschläge kein Akkuschrauber verwendet werden.
- Sollte Ihre Wickelkommode mit Rollen ausgestattet sein, sind diese vor dem Gebrauch fest zu stellen.

Beachten Sie bitte:

Nur original Zubehör- und Ersatzteile vom Hersteller oder Lieferanten verwenden. Die Wickelaufgabe muss an die Wand befestigt werden.

Safety requirements

Only use as changing unit if completely assembled!

- Please check regularly that the screws are well tightened. The screws should not be loose, as children could squeeze certain parts of their body or catch items of clothing (e.g. laces, necklaces, bands, dolls etc.). These might present the hazard of strangulation.
- Please set up the changing unit so that the changing board is leaning directly against the wall. Tilting can be prevented by tightly anchoring the changing board in the wall. Use only appropriate screws and wall plugs for changing units that are meant to be fixed to the wall. Check the wall to determine whether the wall plug is suitable for it.
- Take into consideration the risks of open fires and other strong heat sources like electric heaters, gas stoves etc. in the close proximity of the changing unit.
- Do not use the changing unit if single parts are broken, torn or missing. Synthetic bags or other synthetic elements/wrappings should be immediately removed or kept out of the reach of children.
- Keep the assembly plan and the hex key for future disassembly or assembly. Please use only the enclosed hex key and a screwdriver for the assembly. To avoid damaging the product, do not use an electric screwdriver for tightening the screws!
- Should your changing unit be featured with castors, they have to be locked before using.

Please note:

Use only original accessories and spare parts from the producer or from the providers. The changing mat must be mounted on the wall.

Consignes de sécurité

Utiliser comme une commode à langer seulement si elle est complètement assemblée!

- Veuillez vous assurer régulièrement que toutes les vis sont bien serrées. Les vis ne doivent pas être desserrées, parce qu'un enfant peut se coincer ou des vêtements (p. ex. lacets, colliers, bandes, poupées etc.) peuvent s'empêtrer. Il peut exister le risque d'étranglement. Veuillez installer la table à langer de manière à ce que le plateau de la table à langer soit en contact direct avec le mur.
- Une liaison fixe entre le plateau de la table à langer et le mur permet d'éviter tout basculement. Vérifier si le goujon est approprié pour le mur.
- Pensez aux risques liés aux feux ouverts ou à d'autres sources de fortes chaleurs, comme les radiateurs électriques, les chauffages à gaz etc. à proximité immédiate de la commode à langer.
- Ne pas utiliser la commode si l'une de ses parties est cassée, endommagée ou manquante. Enlever le papier et le plastique d'emballage et mettez-les immédiatement hors de la portée des enfants!
- Veuillez conserver soigneusement le manuel de montage et la clé à six pans pour un montage ou un démontage ultérieur.
- Utiliser pour le montage la clé à six pans ci-inclus et un tournevis. Pour ne pas détériorer le produit, vous ne devez pas utiliser un tournevis électrique pour fixer les vis!
- Ne pas utiliser la commode si l'une de ces parties est cassée, endommagée ou manquante. Si votre commode à langer est prévue avec des roues, celles-ci doivent être bloquées avant l'usage de la commode.

Veillez noter:

N'utilisez que des accessoires et des pièces de rechange d'origine du fabricant ou du fournisseur. Le matelas à langer doit être fixé au mur.

Requisiti di sicurezza

Il fasciatoio sarà utilizzato come tale, solo se è assemblato per intero!

- Assicurarsi regolarmente che tutte le viti siano ben serrate. Esse non devono essere lente in quanto il bambino potrebbe schiacciarsi parti del corpo o gli indumenti si potrebbero impigliare (es. Cordini, catenine, nastri, bambole ecc.). potrebbe esserci pericolo di strangolamento. Collocare il prodotto in modo che il fasciatoio appoggi direttamente alla parete. Ancorando il fasciatoio nella parete si può evitare il rischio di ribaltamento. Per l'ancoraggio nella parete utilizzare soltanto viti e tasselli adatti. Verificare la parete per assicurarsi che il tassello sia adatto.
- Prendere in considerazione il rischio di una fonte di fuoco aperto o altre fonti di calore intenso, come riscaldatori elettrici, stufe a gas ecc. nelle vicinanze del prodotto.
- Non utilizzare più il prodotto se alcuni pezzi sono danneggiati, rotti o mancano del tutto. I sacchetti in plastica o altri elementi in plastica / confezioni devono essere rimossi immediatamente e tenuti fuori dalla portata dei bambini!
- Conservare con cura le istruzioni di assemblaggio e la chiave a brugola per un eventuale smontaggio, ossia futuro assemblaggio.
- Per l'assemblaggio si prega di utilizzare solo la chiave a brugola fornita nel pacco e un cacciavite. Per evitare di danneggiare il prodotto, non utilizzare l'avvitatore per serrare le viti. Nel caso in cui il vostro fasciatoio è previsto di rulli, questi devono essere fissati prima dell'uso.

Notare che:

Utilizzare solo accessori e ricambi originali del produttore o del fornitore. Il fasciatoio deve essere fissato alla parete.
