

OFF

A detailed black and white illustration of a complex geometric pattern. The pattern consists of a large hexagon composed of many smaller hexagons. Each of these smaller hexagons contains a starburst or sunburst design, with lines radiating from a central point to the vertices of the hexagon. The starbursts are arranged in a way that they interlock, creating a dense, textured appearance. In the top-left corner, there is a small circle containing the number '9', with an arrow pointing towards the top edge of the main hexagonal structure.

A diagram of a 16-pin D-sub connector. The connector has two rows of pins. The top row has 8 pins, and the bottom row has 8 pins. A finger is pointing to the center pins of the top row.
